B19.02 ECONOMIC PRICE ADJUSTMENT (OVERSEAS) (DESC OCT 1993)

The Contractor warrants that--

- (a) The unit prices set forth in this contract do not include any contingency allowance to cover the possibility of increases in the reference price(s) in the Contractor's offer; and
- (b) The prices to be invoiced hereunder for listed items shall be computed in accordance with these escalation provisions.

PART A - DEFINITIONS

As used throughout this clause--

- (a) The term **listed items** means the items of Section B of the Schedule that are listed in the Reference Price Tabulation in Part C of this clause and are the only items to which price adjustment shall apply, unless otherwise provided in the contract schedule.
- (b) The term **award price** means the unit price offered for an item and included in the contract award schedule.
- (c) The term **reference price** means the independent index or established price set forth in this clause with which the award price is to fluctuate. The reference price should be a price for the same or similar product(s) as the item being purchased.
- (d) The term **independent index** means an index measuring the general rate and direction of price movements for a commodity within a market which is beyond the control of the Contractor. Examples of such indices would include a wholesale price index such as published by the Bureau of Labor Statistics.
- (e) The term **established price** means one which (1) is an established catalog or market price for a commercial item sold in substantial quantities to the general public, and (2) meets the criteria of paragraph 15.804-3(c) of the Federal Acquisition Regulation. It is established in the usual and ordinary course of trade between the seller (which maintains it) and buyers who are free to bargain. It is a price included in a catalog, price list, Schedule, or other form that is regularly maintained by the manufacturer or vendor, is either published or otherwise available for inspection by customers, and states prices at which sales are currently, or were last, made to a significant number of buyers constituting the general public. A commercial item is one that is regularly used for other than Government purposes and is sold or traded in the course of conducting normal business operations. Commercial items are sold to the general public when all of the following criteria are met: (1) Sales to the general public are not negligible in themselves and total 55% or more of all sales made; (2) 75% or more of those sales made to the general public are made at the established price. An item is sold to the general public if it is sold to other than affiliates of the seller for end use by other than the Government. Items sold to affiliates of the seller and sales for end use by the Government are not sales to the general public.
- (f) The term **date of delivery** means--
 - (1) The date and time vessel begins to load where the contract calls for delivery at origin into tanker or barge;
 - (2) The date and time vessel begins to discharge where the contract calls for delivery at destination by tanker or barge;
 - (3) The date and time product commences to move past the specified f.o.b. point where the contract calls for delivery by pipeline;
 - (4) The date product is received for all methods of delivery other than (1), (2), and (3) above.

PART B - PRICE ADJUSTMENTS

(a) The Contractor shall notify the Contracting Officer, Attn: DESC-PEC, 8725 John J. Kingman Road, Ft. Belvoir, VA 22060-6222 of any change in the reference price by telegram dated (preferably confirmed promptly by letter), registered letter mailed, or unregistered letter received within 14 days from the date thereof.

(1) If the Contractor fails to give notice of any increase in reference price, such increase shall apply only to deliveries made on or after the date of receipt by the Contracting Officer of a written notification from the Contractor of such increase.

(2) If the Contractor fails to give notice of a decrease in the reference price, such decrease shall apply to all deliveries made on or after the date of such decrease.

(b) The prices payable under this contract for listed items shall be the award price for the listed item increased or decreased by the amount, determined according to the formula in (c) below, that the reference price for the listed item shall have increased or decreased, to and including the date of delivery.

(c) The amount of increase or decrease in the award price shall be--

(Check appropriate box and complete applicable blanks)

☒ the same number of cents, or fraction thereof, that the reference price increases or decreases per like unit of measure.

☐ the number of cents, or fraction thereof, determined by the ratio of \$_____ per gallon for each \$_____ per barrel that the reference price increases or decreases.

☐ the number of cents, or fraction thereof, at the rate of \$_____ per gallon for each \$_____ per barrel that the reference price increases or decreases.

(d) If this clause requires quantity conversion for economic price adjustment purposes, the conversion factors for applicable products, as specified in the CONVERSION FACTORS clause, apply unless otherwise specified in the Schedule.

(e) The Contracting Officer will issue a modification to this contract to reflect any change pursuant to this clause. However, no modification incorporating an increase in a contract unit price shall be executed pursuant to this clause until the increase in the applicable reference price has been verified by the Contracting Officer.

B19.02 CONT'D

(f) Notwithstanding any other provision of this clause, no upward adjustment shall apply to supplies that are required to be delivered prior to the effective date of the adjustment unless the Contractor's failure to deliver in accordance with the delivery schedule arises from causes beyond the control and without the fault or negligence of the Contractor within the meaning of the DEFAULT clause of this contract in which case the contract shall be amended to make an equitable extension of the delivery schedule.

(g) Notwithstanding any provision of this clause to the contrary, the prices payable under this contract shall in no event exceed either the lower of--

(1) The Contractor's posted or established selling price in effect on the date of delivery for the product supplied in the form of delivery made at the point of delivery, or

(2) The maximum prices shown in Column VII of the Reference Price Tabulation in Part C, in accordance with (h) below.

(h) **UPWARD CEILING ON ECONOMIC PRICE ADJUSTMENT.** The Contractor agrees that the total increase in any contract unit price shall not exceed **60** percent of the award price during the first program year or of the unit price in effect as of the start of any subsequent program year (if this is a long-term or multiyear program), except as provided hereafter:

(1) If at any time the Contractor has reason to believe that within the near future a price adjustment under the provisions of this clause will be required that will exceed the current contract ceiling price for the item(s), the Contractor shall promptly notify the Contracting Officer in writing of the expected increase. The notification shall include a revised ceiling sufficient to permit completion of remaining contract performance, along with appropriate explanation and documentation as required by the Contracting Officer.

(2) If, in the absence of an agreement on a new ceiling, written notification is given to the Contracting Officer of an actual price change resulting in a contract unit price that exceeds the current ceiling, the Contractor shall have no further obligation under this contract to fill pending or future orders for the specific line item(s) in question as of the effective date of the increase, as long as the unit price exceeds the ceiling. If, however, notwithstanding the lack of agreement on a new ceiling, the Contracting Officer indicates in writing that the Government is prepared to purchase the line item(s) for an adjusted price that exceeds the current ceiling, the Contractor shall be obligated to continue to honor orders placed for the specific line item in question.

PART C - REFERENCE PRICES

(a) The reference price with which the award price for the listed item is to fluctuate (and which is more fully defined in the Reference Price Tabulation below) is--

[] (1) The low price published in _____
(name of publication)

[] (2) The average of the prices published in _____
(name of publication)

[X] (3) The established price posted by **See Reference Price Tabulation** .
(name of company)

and

published in **See Reference Price Tabulation** .
(name of publication)

(b) Where the reference price is an established price (see (a)(3) above), the Contractor warrants that the product selected is one for which, except for modification required by the specifications of this contract, the Contractor has an established price. Such price is the net price after applying any applicable standard trade discounts offered by the Contractor for his catalog, list, or schedule price. The Contractor further warrants that, as of the current date, any differences between the unit prices of the line items identified in the Schedule, and the Contractor's established price for like quantities of the nearest commercial equivalents of such contract items are due to compliance with contract specifications and to compliance with any requirements which this contract may contain for preservation, packaging, and packing beyond standard commercial practice.

(c) An increase or decrease in any reference price published in a trade price service or in a commercial journal shall apply only to deliveries made on or after the effective date of such trade price service or commercial journal.

(d) **DISCONTINUATION OR ALTERATION OF PUBLISHED REFERENCE PRICE.** In the event the reference price is an average of published or posted prices, and any one price ceases to be published or posted, or in the event the reference price is published in a trade price service or commercial journal and such publication ceases to publish said reference price or changes its method of quoting prices, the parties shall mutually agree upon an appropriate and comparable substitute for determining the price adjustment described herein. The contract shall be modified to reflect such substitute reference price effective on the date the prior reference price is discontinued or altered. If the parties fail to agree on an appropriate substitute, the matter shall be resolved in accordance with the DISPUTES clause of the contract.
